Dear Chairman Womack and Ranking Member Clyburn,

I am requesting funding for the Cleveland Hopkins International Airport, Stormwater Outfall and Access Improvements Project in the Fiscal Year 2026. The entity to receive funding for this project is the Cleveland Hopkins International Airport, located at 5300 Riverside Drive, Cleveland OH 44135. The funding would be used to address the erosion through bank stabilization, re-routing of waterways, and reconstruction, along with constructing steps and an access road to provide the ability to safely access the outlet structure and lower levels to perform routine inspections, maintenance, and repairs to the stormwater system. The project is an appropriate use of taxpayer funds because it will make improvements to CLE's stormwater drainage system to help prevent further erosion and potential impact on CLE's airfield.

The project has a Federal nexus because the funding provided is eligible under 49 U.S.C. 47100 et seq., and FAA policy and guidance.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Shontel M. Brown
Member of Congress
