Dear Chairman Simpson and Ranking Member Pingree,

I am requesting funding for the Euclid Creek Stabilization project in fiscal year 2027. The entity to receive funding for this project is located at 4101 Fulton Parkway, Cleveland, OH 44144.

The funding would be used for secure emergency streambank repair and stabilization for a significant segment of Euclid Creek in the City of Euclid. The project is an appropriate use of taxpayer funds because it addresses severe erosion that threatens critical public infrastructure, including a major roadway, a regional trail, and essential water and sewer systems, helping to ensure their continued safety and reliability.

The project has a federal nexus because the funding provided is for purposes authorized by Title VI of the Clean Water Act, 33 U.S.C 1381 et seq.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Shontel M. Brown  
Member of Congress
